

Rogers Yearbook Club

The 5th and 6th students who are members of the Rogers Yearbook Club create a yearbook that represents the uniqueness of our school. Members design the yearbook by choosing clip art that adds a special touch to each page. Yearbook representatives also help with sales and the distribution of the yearbook.

There will be a yearbook club announcement made in homerooms in the fall, and any student who is interested in the club will be asked to notify their homeroom teacher. Each homeroom selects one representative that will make up the yearbook club.

The Yearbook Club is more than just a club! It requires responsibility and dedication from its members. Throughout the year, members are required to meet deadlines and are expected to do their best work. We ask that students who are interested in being selected not be involved in other after-school activities that would affect their attendance and participation.

We are excited to get this yearbook underway and look forward to seeing our completed book in late June!

Thank you!

Miss DelVecchio
