January 15, 2021

Dear Families,

I wanted to provide a few updates as we head into the long weekend that will honor Dr. Martin Luther King Jr. on Monday. Our resumption of voluntary COVID-19 rapid testing this week yielded ZERO positive results out of 151 students and staff tested. That's great news. If your child was tested you should have received an email from their principal. We will continue testing on Tuesday.

We also will modify our communications on COVID-19 cases starting next week. Instead of daily updates, we will switch to sending notifications on Mondays and Thursdays only. At this point, we do not want to burden families with so many emails.

COVID-19 DAILY UPDATE

Today the Monroe County Department of Public Health reported ZERO new positive cases in our District. It has been quite a while since that happened and more good news. My hope: We all continue to take the necessary steps, ones we have learned over 10 months, to keep us all safe. If you do have questions about contact tracing or quarantining, call the MCDPH COVID-19 Hotline at (585) 753-5555 or email COVID19@monroecounty.gov.

Remember, for all COVID-related updates/resources, visit our [COVID-19 Information page](#).

In partnership,

Aaron R. Johnson, Ed. D
Superintendent of Schools
