November 3, 2020

Dear West Irondequoit Families and Staff,

The Monroe County Department of Public Health (MCDPH) has confirmed that an Irondequoit High School student tested positive for COVID-19 as a result of community spread. It's important to note that this student has not been on our campus since Monday, October 26th. At this time, the MCDPH stated there were no close contacts between the student and any staff or other students thanks to everyone following proper safety protocols.

If the MCDPH did not contact you or your child, there is no risk of exposure. As you know per federal privacy laws, we cannot disclose more details or personally identifiable information about COVID-19 cases. If you have information, questions, or concerns, please contact the MCDPH's hotline at (585) 753-5555.

A few questions have been raised about a recent MCDPH update and where it can be found for you to review. The full October 20, 2020 "Clarification to NYSDOH COVID Toolkit for PreK-12 Schools" is available on our District website at [Dept. of Health Update \(symptoms\)- 10/20/20](#) .

Thank you,

A handwritten signature in blue ink, appearing to read "Aaron R. Johnson".

Aaron R. Johnson, Ed. D  
Superintendent of Schools
